Celebrating 95 yrs

HYATT REGENCY, ATLANTA | ctvli.org
Dear Friend,

This letter comes to ask for your support of a special event honoring the 95th birthday of our friend, brother, leader and hero, Dr Cordy Tindell Vivian.

C.T., as he is known to most of us, began his long life of public service in Peoria, Illinois in 1947, some seven or so years before the Supreme Court case in 1954 and Rosa Parks’ historic bus ride in Montgomery, Alabama in 1955.

C.T. has devoted his life in quest for freedom and justice for all mankind. Known by many as “The Quiet Warrior”, he trained civil rights demonstrators to sit-in in Nashville and Birmingham.

He joined the freedom riders in 1961 and joined SCLC and Dr. King, serving as Director of Affiliates in 1962.

There is no movement North, South, East or West where his spirit did not inspire and encourage African Americans to fight for justice and equality.

On July 30th, we will gather at the Hyatt Regency Hotel to celebrate this man of God who has contributed so much to the Atlanta community and the world, at large.

He has been a blessing to this city and the nation and he will certainly leave a great legacy of leadership. For all that he has done, for all that he has meant to this country, we pause to celebrate him and raise funds for the C.T. Vivian Leadership Institute. Please join us.

Sincerely,

Henry “Hank” Aaron & Andy Young

THE INSTITUTE
dedicated to developing sustainable programs to revitalize underserved communities

The C.T. Vivian Leadership Institute [CTVLI] is an Atlanta-based non-profit organization dedicated to the development and sustainability of communities. The organization was founded in 2008 by Dr. C. T. Vivian to “create a model of leadership culture in Atlanta”. CTVLI serves as a hub designed to centralize existing programs and services to work in coordination with local organizations to serve the needs of the community.

The Institute is designed to create an atmosphere where lifelong learning can take place in all stages of life. The CTVLI focuses on four areas that are critical to the success of individuals and communities: Faith, Personal, Education, and Economic Development. CTVLI programs are designed to reach each participant wherever they are, with the goal of taking them where they want to be. By offering classes to the individual and services to the community as a whole, the specific needs of both will be met.

The CTVLI offers a range of programs and classes to support lifelong training in every stage of life. Our program services the needs in the following areas:

**Faith Based Development**
CTVLI’s model for redevelopment and revitalization is designed to strategically impact community infrastructure by encouraging faith-based organizations to expand their service offerings and provide much-needed programs and for their economic development and growth. In addition, the CTVLI faith-based programs even offer personal development skills designed to support healthy work/life balance.

**Personal Development**
Being informed and empowered, citizens are key to a community’s growth and development. CTVLI’s model of personal development systems, resources, tools and curriculums provide mentoring, job training and life skills that enhance personal capacities.

**Educational Development**
Our program adds to the foundation that schools lay for continuing education. By preparing youth for the global market, CTVLI’s model for education addresses the needs and trains the students while the schools educate so that they are equipped to engage in the global marketplace.

**Economic Development**
Businesses provide jobs, products and services that are vital to the community’s economic development. CTVLI’s model of incorporating its business development services promotes sustainability and increases businesses’ capacity to generate employment opportunities and profit.

**ACT/GED-HiSet/Compass**
Academic support for those needing to complete high school and preparation for the ACT exam and college entrance exam, as needed.

**Cultural Arts and Entertainment (Edutainment)**
A method of utilizing arts, music & other entertainment in conjunction with education, creating Edutainment to connect with participants.

**Career Readiness and Economic Development**
Program designed to reach career changes, professionals and college graduates and meet their career goals.

**Community and Civic Engagement**
The C.T. Vivian Leadership Institute, leverages partnerships, resources and other local agencies to provide support through training, internships and scholarships, to name a few. In addition, educating citizens about the life of a community minded individual in order to improve conditions for others or to help shape the community’s future.

**Inmate Re-Entry**
Comprehensive program assessing and targeting the needs of the individual inmate for successful re-entry into society.

**Male Scholars Program**
Systematic approach to mentoring that matches an Elder and a program participant for personalized development.

**Seminary Without Walls**
Digital Collection of works from prominent leaders in the community on spirituality, growth and history.

**Youth Diversion**
Similar to the Male Scholars’ Program, instead for youth, as an alternative to formally processing youth in the justice system. (This would be a court ordered program in lieu of traditional probation). The initiatives listed above result in the delivery of many youth-focused programs and classes that provide experiential learning, skills development and knowledge-based learning. Current classes include:

- ACT/College Readiness
- GED/HiSet Classes
- Vocational Software Training
- S.T.E.A.M.E.D. (Science, Technology, Engineering, Art, Mathematics, Entertainment, Design)
- Male Scholar’s Programs
- Leadership and Public Speaking
- Financial Literacy
- Social Media
“Leadership is found in the action to defeat that which would defeat you... You are made by the struggles you choose.”

- C.T. Vivian
